

Ants In Their Pants

'Ants in their Pants', come and join in the dance,
Cousins, Uncles and Aunts do the sideways stance,
Gonna shake to the top, don't you stop 'til you drop,
Do the Jiggly, Wiggly, 'Ants in their Pants'.

Down in the forest, forming a line,
Marching along in "Double Ant Time"
Moving in columns, sashaying in rows,
Formic Dancing! This is how it goes!

'Ants in their Pants', come and join in the dance,
Cousins, Uncles and Aunts do the sideways stance,
Gonna shake to the top, don't you stop 'til you drop,
Do the Jiggly, Wiggly, 'Ants in their Pants'.

Moving through scent trails in a straight line,
Guarding the Queen – Communicate Time!
Moving in columns, sashaying in rows,
Formic Dancing! This is how it goes!

'Ants in their Pants', come and join in the dance...

Building ant bridges, on go the drones,
Waltzing from nests and waving to home,
Moving in columns, sashaying in rows,
Formic Dancing! This is how it goes!

'Ants in their Pants', come and join in the dance...

Butterflies - The Holly Blue

O, Sweetest, brightest butterfly
Called The Holly Blue,
I'd like to see you flutter by
Fly in the sky with you,
Admiral, Tortoiseshell, Peacock, Brimstone,
You're all so beautiful too
But my special little butterfly
Is still the Holly Blue

Basking in the warm spring sunshine
In the hedgerows green,
Is just one of the smallest wonders
That I have ever seen,
Admiral, Tortoiseshell, Peacock, Brimstone,
You're all so beautiful too
But my special little butterfly
Is still the Holly Blue

How I'd like this moment to last.
Out in the fields so new,
Perhaps I too could have a pair of wings
And take to the skies with you?
Admiral, Tortoiseshell, Peacock, Brimstone,
You're all so beautiful too
But my special little butterfly
Is still the Holly Blue

Admiral, Tortoiseshell, Peacock, Brimstone, you're all so beautiful too
But my special little butterfly is still the Holly Blue

Spider, Spider (The Ticka-Ticka Song)

Spider, spider, scary stuff, hairy legs and pincers twitching,
Spider, spider, big red eyes, grabbing, snatching bugs and flies.

Chorus

Ticka, ticka, ticka, ticka, tick, tick, tick.
Ticka, ticka, ticka, ticka, tick, tick, tick.
Ticka, ticka, ticka, ticka, tick, tick, tick.
Ticka, ticka, ticka, ticka, tick, tick, tick.

Two legs bad, four legs bad, six legs bad, eight legs good,
Running fast, spinning webs, furry, hairy, scary legs,

Ticka, ticka, ticka, ticka, tick, tick, tick
Ticka, ticka, ticka, ticka, tick, tick, tick

Descant

Stealthily, skulkingly
Scurrying, shimmering
Omni-dexterous, silkiness
Spider-webbing, gangliness

Hairy ones and fairy ones, really, really, scary ones,
Daddy Longlegs, Brown Recluse, all arachnids on the loose!

Chorus

Ticka, ticka, ticka, ticka, tick, tick, tick.
Ticka, ticka, ticka, ticka, tick, tick, tick.
Ticka, ticka, ticka, ticka, tick, tick, tick.
Ticka, ticka, ticka, ticka, tick, tick, tick.

Stealthily, skulkingly
Scurrying, shimmering
Omni-dextrous, silkiness

Ladybird

Ladybird, ladybird, Mary's little bird, upon the leaves so green,
Ladybird, ladybird, spotted ladybird, one spotted, rarely seen.
Buttercup, firewood, dandelion, harebell, bittersweet, cornflower too,
Two spotted, four spotted, six spotted wildflowers, we'll spot the bugs with you.
Ladybird, yellow bird, black bird, reddest bird, dotted on leaves so green,
Fewest spots, fairest spots, rarest, squarest spots, once spotted, rarely seen.

Hum.....

Buttercup, firewood, dandelion, harebell, bittersweet, cornflower too,
Two spotted, four spotted, six spotted wildflowers, we'll spot the bugs with you.
Ladybird, yellow bird, black bird, reddest bird, dotted on leaves so green,
Fewest spots, fairest spots, rarest, squarest spots, once spotted, rarely seen.
